

Glass

Product Description

Type 321
Glass Type E
Direct Roving for Weaving

Polymer

Glass

Product Features

Excellent weaving performance,
Smooth transfer between packages,
Complete and fast wet-out, Low fuzz,
High mechanical properties, etc.

Remarks

Direct Roving

Technical Specifications Type 321 - Glass

Linear density (%)	Moisture Content (%)	Size Content (%)	Breakage Strength (N/tex)
±5	<0,10	0,45 - 0,70	>0,40

Make-up

Package Type (kg)	15.6, 22
Package Diameter inside (mm)	160, 160
Package Diameter outside (mm)	270, 310
Pallet Dimensions (cm)	112 x 112 x 118, 127 x 960 x 118
